

Join us at Wild On Wounds 2014 National Conference!

 southwest technologies inc.

Southwest Technologies, Inc. (SWT) offers innovative technologies (glycerine-based gel sheets, highly absorbent fillers, several forms of collagen products and our newly added honey sheets) for **simple wound management solutions**. Our products have been proven to protect the wound from the known impediments to healing such as: friction, shear, pressure, excessive moisture, **bacterial overload** and are truly *cost-effective*. Specialty configurations of our wound care products make dressing applications easy and comfortable to the patient.

We look forward to seeing you and invite you to come by booth 333/335 to receive Samples and also hear the latest in Research and Development.

Together, we can make a difference in the quality of life and help so many.

We look forward to meeting you in Las Vegas at Wild on Wounds Conference.

Southwest Technologies, Inc. 1746 Levee Rd, North Kansas City, MO 64116.
